SAC Conroy, New York, telephonically advised the following information regarding John William Meyers:

Meyer has the background of being a promoter and was active in the wheat market in Chicago some years ago and is supposed to have been engaged in some shady deals. He was reported to have been friendly with [REDACTED] b7c

About two years ago the American Mercury Magazine ran an article entitled "Hollywood Press Agent" which concerns John Meyer although he is not mentioned by name. Mr. Conroy said this article is supposed to be quite informative and that everyone in the movie world knows who the subject of this particular was and that there was quite a lot of research put into it and it was rather accurate.

Meyer was press agent for the Trocadero night club in Hollywood and a short time thereafter he went on the Warner Brothers payroll and he later became the publicity director for the Howard Hughes Aircraft Company, owned by Howard Hughes, and is reported to have sold a quantity of planes to the Mexican Army for delivery after the war.

[REDACTED] b7c

Mr. Conroy said they are trying to locate the article "Hollywood Press Agent" which appeared in the American Mercury and he will advise the Bureau as soon as it is located.

TWA, in which Hughes is financially interested, is hopeful of obtaining certain valuable transoceanic contracts which are presently being bid for by Pan-American. In [redacted] opinion, a member of the Roosevelt family being close to Myers would facilitate the expected contracts being granted to the Hughes - Frye interests. [redacted] has also heard a rumor that Hughes and Frye are negotiating with the Russians for an airline to that country and that they have been attempting to use the Elliott Roosevelt angle to further their plans in this regard.

It was his intention to sell the Russians on ordering an experimental ship of this type. "Elliott Linked to TWA in Trans-Atlantic O.K." The article comments upon the Presidential approval recently granted to the Civil Aeronautics Board when that board on July 5, 1945 granted international routes to Pan American Airways, American Export Airlines and Transcontinental and Western Airlines. The newspaper indicates that the issuance of a certificate to Transcontinental Western Airlines had repercussions in the House of Representatives when Representative Paul Shafer of Michigan issued a statement saying the facts involved should be "explored" because of the association between Brigadier General Elliott Roosevelt and TWA officials.

Representative Shafer is quoted as follows: "I make no direct accusations but I am forced to admit I am suspicious some undue influence was brought to bear to cause the favorable reconsideration of TWA's application to fly the Atlantic routes." After stating that TWA's application was rejected in January last, Mr. Shafer continued that it appeared that the Civil Aeronautics Board had given two "special favors" and was in some manner persuaded to change its previous decision. The newspaper believed that Representative Shafer was referring to a Civil Aeronautics Board Examiner's recommendation that Pan American and American Export Airlines be granted the routes.

The inquiry in connection with subject Myers has disclosed that he has been very friendly with both Brigadier General Elliott Roosevelt and Jack Korry, President of Transcontinental Western Airlines.

SUBJECT'S CONNECTIONS AT HUGHES AIRCRAFT CORPORATION

Since a review of the Los Angeles files indicated that in September, 1944, a Russian military mission was entertained at Hughes Aircraft, Culver City, California, and since it was reflected that in connection with this visit [REDACTED] Hughes Aircraft Corporation, Culver City, California, had been helpful in advising this office of the visit of the Russian military mission, and further since the Los Angeles Office records indicated that JOSEPH MEYER had participated in entertaining the Russian mission, [REDACTED] was consulted on June 8, 1945, with respect to the official connection of subject with Hughes Aircraft Company.

The inquiry was made in such a way that it related to the Russian military mission.

[REDACTED] advised that subject has been connected with Hughes Aircraft since 1942; that although he holds the title of Assistant to the President, HOWARD HUGHES, and Director of Public Relations, MEYER has rarely been near the Hughes plant in Culver City; that MEYER has an office at the Romaine Plant of Hughes Aircraft. [REDACTED] also said that on one occasion recently subject attempted to bring a group of visiting Government officials through the Culver City plant of Hughes Aircraft in order to show them work being done on a secret plane. [REDACTED] Hughes Aircraft refused to give MEYER permission to take this party through, whereupon, MEYER became highly incensed. [REDACTED] indicated that there was not a friendly relationship existing between [REDACTED] and the subject. 57c/0

[REDACTED] also advised that MEYER is a good friend of J. A. KRUG, head of the War Production Board, and MEYER has spent considerable time in entertaining KRUG. [REDACTED] also pointed out that MEYER has spent a lot of time with ELLIOTT ROOSEVELT and with FAYE PETERSON and has entertained them frequently.

[REDACTED]

In view of the position of ROBERT CROSS as President of Lockheed Aircraft Corporation, [REDACTED] Lockheed Aircraft Corporation, was consulted. [REDACTED] advised that the only official business which JOHN MEYER was interested in and which related to Lockheed Aircraft was the recent modification of a contract between Lockheed and TWA in which HOWARD HUGHES has a large interest. [REDACTED] said that the contract originally specified that Lockheed would build constellation airplanes for TWA alone. He explained that the constellation aircraft are being built for post-war commercial use and are extra large passenger planes. In view of the fact that WPB approval was needed for the contract modification whereby Lockheed would be able to build these planes for other companies than TWA, JOHN MEYER, who was acting for TWA interests and also in the interests of Lockheed, which company was also anxious to have the contract modification effected, contacted JULIUS A. KRUG during the early part of this year in Los Angeles. MEYER showed the constellation plane to KRUG and KRUG took a ride in the constellation, expressed himself as very pleased with the plane, and thereupon gave WPB approval for the contract modification.

According to [REDACTED] the modification was legitimately approved by WPB and MEYER did not act in an official capacity for Lockheed at this time nor did he ever act as an authorized agent of Lockheed, according to information received by [REDACTED] from ROBERT GROSS, President of Lockheed.

LA 62-2682

When the Lockheed-TWA contract change was first proposed, there were several meetings between Lockheed and TWA officials and there were several social functions at which MEYER conducted himself prominently. MEYER acted as the social representative of HOWARD HUGHES at these various functions. [REDACTED] said that this perhaps explained the reason for MEYER traveling to Washington at which time he expressed himself as being "on business for ROBERT GROSS." [REDACTED]

[REDACTED] also stated that at no time had Lockheed ever entered into a contractual relationship with JOHN MEYER nor had they paid him any money. [REDACTED]

According to [REDACTED] Lockheed Aircraft Corporation, the Lockheed-TWA contractual adjustments are now completed so that there will no longer be any business reason for MEYER to be in any way associated with Lockheed. [REDACTED]

It will be recalled that in the previous report in this case some indication existed that MEYER, together with JACK FRYE, President of TWA, and HOWARD HUGHES might be interested in a trans-Pacific airline to Russia and that this group had hoped that the ELLIOTT ROOSEVELT connection would enable facilitating granting of this contract; however, information most recently developed, which has been set out above, indicates that ROOSEVELT has no intention of entering into any phase of the aviation business.

Re: JOHN WILLIAM MEYER, WAS.
MISCELLANEOUS, INFORMATION CONCERNING

Dear Sir:

On July 21, 1945, Los Angeles [redacted] whose identity is known to the Bureau, stated that HOWARD HUGHES is ready to release "The Outlaw". It will be recalled that information was obtained from a highly confidential source which indicated that MEYER was attempting to secure a considerable quantity of 35 mm raw film for the Hughes organization so that the picture could be released. (See page 25, report of Special Agent [redacted] dated at Los Angeles July 6, 1945.)

[redacted] stated that the picture is ready for release now. This would indicate that the increase in raw film stock allocated to Hughes Aircraft by WPE was secured by MEYER in accordance with instructions set out in the memorandum which has been referred to, in above referenced report.

This situation is being called to the attention of the Bureau inasmuch as Subject's activities with J. A. IRUS of WPE are of interest in this investigation. The possibility exists that the manner in which this film was secured might be of interest to this investigation.

Very truly yours,

On July 5, 1945 Representative Paul W. Shafer, speaking before the House of Representatives regarding the issuance of certificates by the Civil Aeronautics Board, referred to the fact that Transcontinental Western Airlines was awarded choice trans-Oceanic routes. In his comments Representative Shafer said that in November, 1944, when Elliott Roosevelt returned to the United States on one of his frequent leaves, he was feted at the New York night club, El Morocco, by John Meyer, spokesman for Howard Hughes, owner of Transcontinental and Western Airlines, Incorporated. Representative Shafer said that Meyer also became spokesman for Elliott Roosevelt in that he announced to the press that Roosevelt would remain in New York for two days and then fly to the West Coast.

Representative Shafer also recalled that after the marriage of Elliott Roosevelt to Faye Emerson the wedding party was flown to the rim of the Grand Canyon by Jack Frye, President of Transcontinental Western Airlines. Later, according to Representative Shafer, Elliott and his bride were flown east by Frye to meet the Roosevelt family.

The New York Daily News dated July 6, 1945 featured an article in which Representative SHAFER urged an investigation to determine whether the CAA was influenced by pressure brought by Brigadier General ELLIOTT ROOSEVELT in making its decision to permit the TWA to engage in Trans-Atlantic service. The article referred to a speech by the Representative which was inserted in the Congressional

Record. Among other things Representative ~~SHAHER~~ SHAFER pointed out that when ELLIOTT ROOSEVELT returned to the United States from England last fall he was met by JOHN MEYER, a personal representative of HOWARD HUGHES, who owns control of TWA. SHAFER stated that MEYER quickly became a spokesman "not only for HUGHES but for ROOSEVELT and made the announcement that ROOSEVELT would go to California to marry FAYE EMERSON". SHAFER stated that later MEYER went to Hyde Park where he conferred with the late President Roosevelt. SHAFER pointed out that when ELLIOTT ROOSEVELT and FAYE EMERSON were married, the entire wedding party was flown from California to the Grand Canyon by JACK FRYE, President of TWA.

It has been noted that the name of HOWARD HUGHES and JOHNNY MEYER have appeared occasionally in local newspaper columns as having been observed in various night clubs in this city. No physical surveillance has been instituted in this case pursuant to Los Angeles tel type dated June 19, 1945.

Pan Am Charges CAB Routes Favored Elliott R.'s Pal-TWA

Washington, D. C., July 30. — There were echoes of the Grand Canyon wedding of Elliott Roosevelt and movie actress Faye Emerson today when Pan American Airways charged that the Civil Aeronautics Board (CAB) had placed in a questionable decision by the Civil Aeronautics Board.

One of the best plans, Pan American asserted, was given to Transcontinental and Western Air Express and constituted a Government. Pan recalled that on July 8 Representative Paul W. Ghafer (R-Mich.) urged Congress to investigate the much investigated Elliott to determine whether he had brought pressure to get favors for his good friends in TWA.

Officials at Wedding

of Elliott's party with the big in abundance of the late the film

Livingson, granddaughter of the late Mrs. Schumann-Heink, who served as matron of honor, and actress Janet's brides.

Heater also said that Meyer apparently was personal representative and spokesman for Elliott as well as Hughes, for it was he who had announced all the wedding plans.

Elliott had been lavishly entertained by Meyer, Heater reported, after which Meyer visited President Roosevelt at Hyde Park.

"While this was going on," he said, "TWA's application for a North Atlantic route was pending before the CAB. And during the time that CAB's own investigation awarded four routes, after lengthy

(Continued from Page 2)

suddenly handed one of the best routes to TWA.

In its petition filed with CAB today, Pan American pointed out that it was being kept out of five of six of the largest transatlantic centers—Paris, Berlin, Rome, Moscow and Cairo. It charged that CAB's allocation of routes created a monopoly in favor of TWA for Paris and Rome. American Airlines was handed the same favor for traffic to Berlin and Moscow, it said.

Wants Only to Compete

Only London would be available to Pan American, but not on a monopoly basis for it would have to compete for traffic to the British capital with American Airlines.

Pan American's petition to CAB asks only that it be allowed to compete on even terms with TWA and American Airlines over the foreign routes it pioneered.

Meanwhile, prospects of Congressional action on investigation into Elliott's long-term financial transactions seemed to have-minded legislators less than in the days of the Bremer case.

Two Congressional groups, House Ways and Means and Senate Finance Committees, are conducting an examination of the financial dealings

that took place when Elliott had a fancy to getting into the network.

Tepping the list is last year's \$100,000 loan Elliott obtained from Hartford, president of the Atlantic & Pacific, which he settled for \$20,000. Last year the surplus \$100,000 was a part of his income tax report.

ASSOCIATES OF MYERS

This individual was formerly [REDACTED] for movie actor Earl Flynn and it is reported that his activities in this regard became so notorious that Warner Brothers Studios requested Flynn to desist. Myers then became associated with Howard Hughes, airplane manufacturer and movie producer.

EX-30
There have been indications that the Hughes Movie Company which is operated by Howard Hughes has received additional allotments of raw film through the War Production Board in order to effect the release of the movie, "The Outlaw." However, there have been no indications of irregular activities upon the part of Mr. Krug in releasing this raw film to the Howard Hughes Productions.

It is noted that Representative Paul W. Shafer in speaking before the House of Representatives on July 5, 1945, regarding the issuance of certificates by the Civil Aeronautics Board referred to the fact that Transcontinental Western Airlines was awarded choice transoceanic routes. Representative Shafer commented

that in November, 1945, when Elliott Roosevelt returned to the United States, he was feted in New York night clubs by John Meyer, spokesman for Howard Hughes, owner of TMA. The Representative also commented that the Elliott Roosevelt wedding party had been transported by Jack Frye, president of TMA.

Subject's Activities in HUGHES Enterprises

By physical surveillance it was determined that on August 20, 1945, JOHN MEYER had lunch with JACK FRYE of TWA and with one DIETRICH of Hughes Aircraft in Houston, Texas, at Romaine's Restaurant in Hollywood. Part of the conversation of these individuals was overheard, and it was noted that MEYER and FRYE discussed changes in the administrative personnel at Hughes Aircraft. It was indicated that the treasurer of the company, one FRANK McDONALD, was quitting and that McDONALD was a very valuable individual. It was also learned that MEYER and FRYE appeared anxious to replace CHARLES PERELLI, executive vice-president of Hughes Aircraft in charge of production. MEYER was particularly insistent that PERELLI be replaced, and discussed an interview of one BUD WILLIES, of Ryan Aircraft, San Diego, who had apparently been interviewed by JACK FRYE as a possible successor to PERELLI. The general trend of this conversation was to the effect that PERELLI was hampering the operation of Hughes Aircraft, at least in the judgment of Subject, and that the Hughes Aircraft needed a complete shake-up. It was also indicated that McDONALD, the treasurer of Hughes, was only getting \$13,000 a year, whereas MEYER himself was getting

10,000, and MEYER said that naturally people like McDONALD resented upstarts like himself, MEYER, coming into the firm in the capacity of public relations director and getting 10,000. MEYER himself suggested that McDONALD should get at least 25,000. MEYER and FRIE appeared agreed that HUGHES had absolutely no sense of proportion in business and it was apparent from this conversation that HUGHES takes very little direct control of the Hughes Corporation and apparently knows very little about its actual operation. It was further indicated that MEYER has better access to HUGHES than perhaps anyone of the executive personnel of Hughes Aircraft.

As indicated in referenced report of Special Agent [REDACTED] b7c
a memorandum dated December 22, 1944, on the stationery of Hughes Productions was located in the personal papers of Subject, and this memorandum stated that Hughes Productions had used up its quota of raw film and that unless a WPB order relaxing its quota could be obtained, the studio would not be able to release the picture entitled "The Outlaw." The memorandum also pointed out it was necessary to obtain five and one-half million feet of .35 mm. raw film and that unless the film were obtained, United Artists could not release the picture for HUGHES.

It was determined through [REDACTED] on July 21, 1945, that HOWARD HUGHES was ready to release the picture "The Outlaw." [REDACTED] indicated that the raw film stock of .35 mm. must have been obtained by HOWARD HUGHES through some source. b2
b7D

[REDACTED] b7c/b
[REDACTED] advised that in connection with the film, "The Outlaw," JOHN MEYER had circulated rumors through the HUGHES organization that he had obtained four or five million feet of raw film for "The Outlaw" through some secret connections in the motion picture industry in Hollywood. [REDACTED] stated, however, that he personally knew that there were several million feet of old raw .35 mm. film in the HUGHES stockpile at the Romaine Street Plant of Hughes Aircraft, and it was the opinion of [REDACTED] that MEYER undoubtedly obtained the film from this old stockpile and then circulated rumors that he had pulled a fast one on the WPB through his underground connections in the motion picture industry. [REDACTED] said that as far as he knew there was no illegal juggling of priorities in connection with the obtaining of film for "The Outlaw."

[REDACTED] advised on August 30, 1945, that in his opinion HOWARD HUGHES could not have stocked four or five million feet of raw film at the Romaine Street Plant because this is too large an amount of film to have merely accumu- b2/b7

lated from leavings from other pictures, and [REDACTED] said that no one was astute enough before the war to store up that much film. b2/670

[REDACTED] pointed out moreover that the Culver City plant of Hughes Aircraft is so constructed that merely by dropping a few partitions it can be converted into an excellent motion picture studio, particularly for television sets. [REDACTED] added that [REDACTED] had stated that HUGHES was going to go into television production in the near future, and [REDACTED] was of the opinion that this was not mere boasting on Subject's part.

According to [REDACTED] Subject's only present connection with HOWARD HUGHES' enterprises is with HUGHES' motion picture work. MEYER has started a lot of wild rumors about what he is going to do for HOWARD HUGHES in connection with motion pictures - that he is going to build an enormous plant in Culver City and that HOWARD HUGHES will have a major studio in the very near future. This has no basis in fact, according to [REDACTED] at least as far as he knows. MEYER has never done any work at Hughes Aircraft, at least during the last year and a half, to the direct knowledge of [REDACTED]. He has appeared at the plant on Romaine Street on rare occasions and allegedly does his work from his home. He has no knowledge, qualifications, or experience in publicity work and has no relationships with the press to qualify him in any way for his title as publicity director. [REDACTED] states that MEYER is not even allowed at the Culver City Plant or the main Hughes Aircraft Plant. b7c/D

MOVIE PICTURES FILM USED BY HUGHES PRODUCTIONS IN
MAKING "THE OUTLAW"

The Los Angeles Field Division has learned from a highly confidential source that John Meyer has among his possessions a memorandum dated December 22, 1944, at the stationery of Hughes Productions. This memorandum was not addressed but was signed. However, it stated that Hughes Productions had used up its quota of raw film and that unless a War Production Board order relaxing its quota could be obtained the studios would not be able to release the picture entitled "The Outlaw". The memorandum indicated that it was necessary to obtain five and one half million feet of thirty-five millimeter raw film that United Artists were releasing the picture for Hughes Productions; and that unless the amount of film necessary was obtained it would not be possible to release the picture.

It is noted that, on June 22, 1945, one Cliff Broughton who is affiliated with the Hughes enterprises, while in Washington, received a call from John Meyer in New York. Broughton at that time expressed his happiness about getting film and indicated that it was needed to make the pictures for the Hughes Company. On this same date, Broughton told his wife in Los Angeles that "they are not at John's because he has come pull out here. We both got more than we expected." While Broughton was awaiting the completion of one of his long distance calls on June 22, 1945, he made a side remark to a person in his Washington hotel room that he had over one half million feet of film and that an additional 50,000 feet was approved which was more than he expected.

RELEASE OF THE PICTURE "THE OUTLAW"

[REDACTED] has now advised the Los Angeles office that "The Outlaw" is presently ready for release. SAC [REDACTED] has pointed out by letter dated July 27, 1945 that this release would indicate that the interest in raw film stock held by the Hughes organization by the War Production Board was secured by [REDACTED] as outlined in the memorandum disclosed by the highly confidential source of the Los Angeles office.

SAC [REDACTED] advised that inasmuch as John Meyer's activities and the [REDACTED] of the War Production Board are of interest to the [REDACTED] [REDACTED] possibility exists that the manner in which the film for the production [REDACTED] was secured might likewise be of interest. The Los Angeles Field Division [REDACTED] letter dated August 1, 1945 requested advice as to whether [REDACTED] above allegations is desired.

ACTION TO BE TAKEN

Inasmuch as there is no tangible evidence that subject Johnny Myers, alias Brighton, Hughes Productions or J. A. King of the War Production Agency have violated the law in the granting of additional film to Hughes Productions, it is not deemed advisable to conduct further active investigation into this particular phase of Myers' activities. The Los Angeles office is being advised by teletype to conduct no further active investigation into the manner in which Hughes Productions secured additional film.

SUBJECT: JOHN WILLIAM MEYER, with aliases

PURPOSE - This memorandum is to acquaint you with recent information which has been received from the Los Angeles Division regarding the activities of Johnny Meyer.

EX-60 162-78335-95
MEYER'S ACTIVITIES IN HUGHES ENTERPRISES - During an engagement with Jack Frye of TWA, in August, 1945, Meyer discussed with Frye changes in the administrative personnel at Hughes Aircraft. Meyer and Frye agreed to replace one Charles Perelli, executive vice-president in charge of production, inasmuch as Meyer and Frye believe that Perelli is hampering the operations of the company.

Frye and Meyer agreed that Howard Hughes had absolutely no sense of proportion in business and it was apparent from their conversation that Hughes takes very little direct control of the Hughes Corporation and knows very little about its actual operation. It also appeared that Meyer has better access to Hughes than perhaps any one of the executive personnel of Hughes Aircraft.

[redacted] has advised that Meyer circulated rumors through the Hughes organization that he had obtained several million feet of film for "The Outlaw," a Hughes production, through some secret connections in the motion picture industry.

picture industry. [REDACTED] stated, however, that he personally knew that there were several million feet of old raw 35 millimeter film in the Hughes stockpile. [REDACTED] believes that Meyer obtained the film from this old stockpile and then circulated rumors that he had pulled a "fast one" on the War Production Board through his underground connections in the motion picture industry. [REDACTED] said that as far as he knew there was no illegal juggling of priorities in connection with the obtaining of film for "The Outlaw."

[REDACTED] has advised that in his opinion Howard Hughes could not have stocked four or five million feet of raw film at his plant because this is too large an amount of film to have merely accumulated from leavings from other pictures. [REDACTED] has also advised that Meyer has been making inquiries as to whether he was being investigated by the Bureau or by other Governmental agencies indicating that he believed his connections with Elliott Roosevelt were under scrutiny.

Since September 1, 1945, Meyer has been traveling with Howard Hughes. Meyer and Hughes made a trip to Vancouver, B.C. by private plane over the Labor Day week-end. Yvonne De Carlo, motion picture actress, who recently appeared in the movie, "Salome, Where She Danced," was with the group in Vancouver. [REDACTED]

Meyer and Hughes have, however, made recent trips to Reno and Las Vegas, Nevada, where they registered under fictitious names at hotels in these two cities. [REDACTED]

over the Labor Day week-end with HOWARD HUGHES and YVONNE DeCARLO, motion picture actress who recently appeared in the film "Salome, Where She Danced".

Subsequently the following was noted in the gossip column of HARRISON CARROLL in the Los Angeles Evening "Herald & Express" of September 6, 1945: "Although they refused to be photographed, Yvonne DeCarlo and Howard Hughes have been traipsing all over Vancouver together. But Hughes' trip, according to rumor, has a very serious object: the establishment of an airline from Vancouver to Japan."

It was also noted that subject on August 31, 1945 sent a wire to a Mr. BURNS, Vancouver Hotel, Vancouver, B. C. in which subject requested a reservation for two pilots for Saturday night only.

Subject returned to Los Angeles on September 11, 1945 and at this time was in brief contact with [redacted] who learned that subject and HOWARD HUGHES planned to make a trip to Reno and Las Vegas, Nevada with YVONNE DeCARLO.

Source [redacted] subsequently advised that subject, as JOHN W. MORRIS, had telephoned the Riverside Hotel in Reno from Los Angeles and had made reservations for a party of four persons including himself. MEYER indicated at this time that HOWARD HUGHES would be one of the party and MEYER identified himself as HUGHES' manager. It was later learned by Source [redacted] that HOWARD HUGHES, YVONNE DeCARLO, who registered as YVONNE MIDDLETON, HUGHES' private pilot, and subject were in the party which arrived on the evening of September 11, 1945. It was learned that subject and the pilot slept in a twin bed in the bedroom of JOE HALL, owner and manager of the Palace Club, who maintains a permanent suite at the Riverside Hotel, and that HOWARD HUGHES and YVONNE DeCARLO stayed in Room 315. The hotel records reflect that "MORRIS and party occupied Room 315".

On the evening of September 11, 1945 Source [redacted] ascertained that subject was in telephonic conversation with an unidentified man and that during this conversation subject claimed to be HOWARD HUGHES' manager and said that HUGHES was in the process of selling all of his property with the exception of the Hughes Tool Factory in Houston, Texas. MEYER further said that HUGHES is inaugurating a new airline which will be an adjunct of TWA and that it will not duplicate TWA present lines but will extend from TWA bases to points throughout the Pacific Ocean and will eventually cover the entire world. It was stated by subject that the new HUGHES project would provide for extensive trips throughout the world, but that there

LA 62-2682

Subject, together with HOWARD HUGHES and YVONNE DeCARLO, proceeded to Las Vegas in the early afternoon of September 13, 1945. Subject and HUGHES stayed at the Hotel El Rancho Vegas, but Miss DeCARLO stayed at the Last Frontier Hotel. HUGHES left word at his hotel that his visit there should receive no publicity.

[REDACTED]

Despite HOWARD HUGHES' request for no publicity, a news-story concerning him appeared in the Las Vegas "Morning Tribune" on September 17, 1945. This story indicated JOHN MEYER accompanied HUGHES to Las Vegas, and that MEYER is his "confidant and assistant for many years".

Subject, together with HOWARD HUGHES and YVONNE DeCARLO, left in HUGHES' plane from Las Vegas September 16, 1945, reportedly for Los Angeles. Subject was first noted again to be in Los Angeles on September 19, 1945. It was learned through a physical surveillance that subject spent considerable time with HOWARD HUGHES who was staying at the Town House in Los Angeles, except for intervals when subject and HUGHES were out of the city.

It was learned through [REDACTED] that subject had gone to the home of THOMAS JOYCE in Santa Barbara with HOWARD HUGHES on September 22, 1945.

[REDACTED]

Following the return of the subject [REDACTED] from Palm Springs on September 25, 1945 subject and HUGHES were together around Los Angeles, HUGHES staying at the Town House, Room 905, under the name J. B. ALEXANDER. On September 29, 1945 subject and HOWARD HUGHES made a trip to San Diego and subject returned alone on the same evening to Los Angeles.

62-2682

It was learned through Confidential Informant [REDACTED] that on October 2, 1945 subject wired one E. HUTCHINS, Assistant Manager, Rancho Vegas Hotel, Las Vegas, Nevada, stating "REMEMBER EDDIE POSITIVELY NO PUBLICITY FOR MYSELF OR ANY MEMBER OF PARTY DURING STAY. THANKS. REGARDS." It was later observed by physical surveillance that subject, together with HOWARD HUGHES and a woman believed to be YVONNE DECARLO, left the Metropolitan Airport in HUGHES' private plane, apparently for Las Vegas, Nevada.

MEYER's principal responsibility as an employee of HOWARD HUGHES appears to be that of confidant. It is positively known that he is always in very close contact with HUGHES whenever the latter is in Los Angeles and, furthermore, he frequently arranges pleasure and business trips and entertainment for HUGHES as is evidenced by trips made by all of these persons with YVONNE de CARLO, film actress. In addition, MEYER appears to act as a liaison man for the HUGHES enterprises for he always appears to be designated to entertain outstanding persons coming to Los Angeles who have any contact with the HUGHES organization.

PURPOSE

To acquaint you with the recent developments in this case and to call to your attention the Los Angeles Division's recent request that consideration be given to closing this case.

RECENT DEVELOPMENTS

The subject has recently been reported as suffering from influenza and his activities have been limited to contacting various girls such as Diana Lynn, Jean Crane, and others associated with the movie industry, in whom Howard Hughes has indicated an interest and desires to meet. Meyer and Howard Hughes, as of November 20th, were reported to be planning a trip to Palm Springs. Information has also been received that Meyer, during the month of October, made contacts with most of the Hollywood columnists and offered gifts of scotch whiskey, apparently in an effort to have the columnists refrain from commenting upon Howard Hughes' association with Yvonne De Carlo.

Subject is also reported as having made trips with Howard Hughes and Yvonne De Carlo to Vancouver and to Las Vegas and Reno, Nevada.

"Variety" for October 23, 1945, stated that in addition to the position offered by the MPPA, KRUG had received offers from FLOYD COLUN to become an executive of the Atlas Corporation, and another offer from HOWARD HUGHES to become an executive in charge of foreign operations for TWA.

Connection with Hollywood Columnists

Through the services of [REDACTED] it was learned that HARRISON CARROLL, a columnist who writes for the Hearst newspapers, had written an article to the effect that YVONNE DE CARLO and HOWARD HUGHES had been in Canada together. Further it was stated that HUGHES had recently taken DE CARLO to New York City and that MEYER personally called on CARROLL and asked him not to print the story in his column regarding the trip to New York. CARROLL reportedly stated that he did not intend to use the story as the subject was no longer news. MEYER replied that he was delighted to hear of this and that he was sending two cases of Scotch whisky to CARROLL for his cooperation. CARROLL replied that he did not want any of MEYER'S

LA 62-2682

SCOTCH and that he was not printing the article simply because it was not news. This informant stated that MEYER had contacted practically every columnist in Hollywood and had sent Scotch all over town in order to attempt to make sure that the item would not leak out in the papers.

MEYER'S Activity in HOWARD HUGHES Productions

Through contacts had with [REDACTED] it was learned that HOWARD HUGHES had been able to secure the services of SOL LESSERMAN, United Artists, to handle the release of HOWARD HUGHES' film "The Outlaw"; however, it appeared that some of the terms of the contract were objectionable to LESSERMAN and considerable difficulty ensued. It was reported that MEYER was working on LESSERMAN in order to iron out the difficulties regarding the contract. It was noted on several occasions that MEYER went to the Beverly Hills Hotel where LESSERMAN was staying, and it was thought that MEYER had made contact with LESSERMAN on these occasions for the purpose of endeavoring to straighten out the difficulties. Subsequently it was determined that MEYER was also endeavoring to secure the services of other men well known in the motion picture industry to handle the release of the film instead of LESSERMAN. One of the individuals whose services have been solicited for the position is HARRY BOULD, of United Artists Pictures in New York City. 52/670

Through the same source it was reported that MEYER had been keeping himself somewhat busy during the past three or four weeks endeavoring to make contacts with various noted motion picture actresses in whom it was believed that HOWARD HUGHES had indicated an interest. Among those actresses whom MEYER has been contacting are: DIANA VERN, JOAN LESLIE, GAIL RUSSELL, JEAN CAGNIN, and BARBARA KATES.

Trips Made by Meyer

It will be noted in the referenced report it is stated that MEYER, HOWARD HUGHES, and a woman believed to be YVONNE DE CARLO, the noted film actress, had departed from Los Angeles for Las Vegas, Nevada, on October 2, 1945. [REDACTED] 579

[REDACTED] It was stated that HOWARD HUGHES was to have made the trip to Palm Springs on this occasion; however, his reservations were cancelled [REDACTED]

Through Confidential Source [REDACTED] it was ascertained that MEYER receives a letter almost daily from the Howard Hughes Aircraft Corporation, Culver City, California; however, no other mail was received at his residence which was considered to be of particular interest to the instant investigation.

[REDACTED]

This source stated that HOWARD HUGHES had dined at the home of NILS THOMAS CARLUND, master of ceremonies at the Florentine Gardens, with YVONNE DE CARLO. CARLUND stated that HUGHES had ten million dollars invested in the big airplane which is presently in production and that the United States Government has a like amount invested; further, that recently the Russians had endeavored to buy this plane; however, HOWARD HUGHES had refused to do business with them.

In this regard it has been noted that the Variety reported on December 12, 1945, that HARRY B. GOLD, United Artists Eastern Sales Manager, had resigned, to be effective January 1, to become general manager of the world-wide distribution on HOWARD HUGHES' production. GOLD was stated to have been with United Artists for the past twenty-three years.

Information was made available [REDACTED] to the effect that MEYER had had a row with HOWARD HUGHES during the first part of December and that MEYER had reportedly stated he never wanted to see HOWARD HUGHES again. It was ascertained [REDACTED]

[REDACTED] that MEYER had left Los Angeles on December 7, 1945, and was staying at the Racquet Club. In connection with this particular trip to the Racquet Club, [REDACTED] reported that during MEYER's stay there, there had been numerous telephone calls for MEYER from HOWARD HUGHES in Los Angeles. However, MEYER refused to talk to HOWARD HUGHES on the telephone. [REDACTED]

[REDACTED] stated that there was no further information available concerning HUGHES' and MEYER's alleged fight and that it was not known whether MEYER was endeavoring to seek any other employment.

Reference is made to the reports of Special Agent [REDACTED] dated September 6, 1945, and October 24, 1945, at Los Angeles, wherein information is set forth regarding CHARLES PERELLI, who was employed as vice-president and general manager by HOWARD HUGHES at the Hughes Tool Company, Los Angeles. It was pointed out in the reference reports that HUGHES had indicated to MEYER that CHARLES PERELLI would lose his position.

The Los Angeles Times dated January 9, 1946, carried a news article to the effect that HOWARD HUGHES' plant in Culver City was undergoing an administrative shakeup, which was capped by the resignation of general manager CHARLES W. PERELLI. It was stated that he had quit as vice-president of the Hughes Tool Company and as general manager of the Hughes Aircraft Company, which positions he had held since August, 1944. HUGHES was stated to have said that he and PERELLI had disagreed over the manner in which the plant should be operated, and related that he could not begin to tell all of the disagreements that had occurred in regard to policy. NOAH BETRICH, executive vice-president of the Hughes Tool Company, was reported as having flown to Los Angeles from Houston, Texas, and as a result of his presence the resignations of PERELLI and his associates began.

Other individuals affected by the shakeup were TONY BORN, public relations manager, JOHN W. HEDDEN, assistant general manager, CLIFFORD SHARPE, production manager, and CLINTON ERE, auditor.
